Afterlife Communication: 16 Proven Methods, 85 True Accounts contains descriptions of methods people are using today to communicate with loved ones who have passed away. The authors are acknowledged experts in afterlife communications who developed the methods, are using them, and are teaching people how to use them. The book contains actual accounts of people's connections with their loved ones on the other side using the methods.

The authors are the presenters at the upcoming New Developments in Afterlife Communication conference presented by the Academy for Spiritual and Consciousness Studies in Scottsdale, Arizona, July 11-13, 2014.
