Restoration Agriculture in Practice

Restoration Agriculture in Practice

In this professionally produced video Mark Shepard takes viewers on a video tour of his Wisconsin farm and conducts a full-scale introductory presentation on his unique combination of permaculture, silvaculture, agroforestry and eco-farming. Understand biomes and how to choose appropriate crop-producing perennials for your region. See real-world examples of traditional and innovative modified keyline water management principles. Experience transitional strategies firsthand to move from annual commodity crops to perennials which benefit the entire farm ecosystem.
