The Masque of Africa: Glimpses of African Belief (Vintage International) V.S. Naipaul

A remarkable work of reportage by Nobel Prize Laureate V. S. Naipaul that surveys belief and religion among the disparate peoples of Africa.

Like all of Naipaul's "travel" books, *The Masque of Africa* encompasses a much larger narrative and purpose: to judge the effects of belief (in indigenous animisms, the foreign religions of Christianity and Islam, the cults of leaders and mythical history) upon the progress of civilization. It is a masterly achievement by one of the world's keenest observers and one of its greatest writers.
