Inside the Black Box:The Simple Truth About Quantitative Trading (Chinese Edition) Li Shi.Na Lan

Quantitative trading strategy is called black box by traders for the fact that it is beyond understanding and description. Although this kind of investment method has certain complexity, if well guided, you can successfully enter this field and realize its mystique. The author of this book is a professional fund manager. In the book, he introduces quantitative trading strategy from a purely technical perspective and takes readers travel the whole black box with his lively writing style. Vivid and accurate, the content of this book covers a wealth of real cases and market anecdotes in the financial world. The author wisely describes how the financial wizards in Wall Street are working. The reading of this book is a process to open the veil of quantitative trading, a process to help you gradually understand quantitative masters and their investment strategies, a process to make you become more and more interested in quantitative trading.
