I was almost sure I'd hated him, actually. Yes, he was tall, dark, handsome... a *doctor*, probably far more educated than I'd ever be, but he was absolutely *horrible*. No manners at all! Crass, rude... and about to touch me in a place I hadn't even dared touch myself.

Pure Princess Isabella is completely satisfied with her life, despite the fact that she will never rule under the crown because she was born second in line. More than excited for her future plans, her world comes crashing down when the naive princess finds out that the king and queen have decided to marry her off to better their nation--and not only that, marry her off to a stranger from a far, far away land they'd never even met.

To make matters worse, he demands a purity test and brings along a doctor of his own to do the examination--and it becomes all too clear that her future husband and her doctor have prejudices against her because of her darker, caramel skin tone. Will the hate lead to lust when she bares it all for him?
