The *CRISC Review Questions, Answers & Explanations Manual 2013* is designed to familiarize candidates with the question types and topics featured in the CRISC Exam.

The 200 questions in this manual have been consolidated from the *CRISC Review Questions, Answers & Explanations Manual 2011* and the *CRISC Review Questions, Answers & Explanations Manual 2012 Supplement*

Many questions have been revised or completely rewritten to be more representative of the CRISC exam question format, and/or to provide further clarity or explanation of the correct answer. These questions are not actual exam items, but are intended to provide CRISC candidates with an understanding of the type and structure of questions and content that have previously appeared on the exam. This publication is ideal to use in conjunction with the:

- *CRISC Review Manual 2013*
- CRISC Review Questions, Answers & Explanations Manual 2013 Supplement

To help candidates maximize-and customize-study efforts, questions are presented in the follow two ways:

- Sorted by job practice area--Questions, answers and explanations are sorted by the CRISC job practice areas. This allow the CRISC candidate to refer to questions that focus on a particular area as well as to evaluate comprehension of the topics covered within each practice area
- Scrambled as a sample question exam--The 200 questions are arranged to represent a full-length CRISC exam, with questions chose in the same percentages as the current CRISC job practice areas. Candidates are urged to use this sample test to simulate an actual exam, but also to determine their strengths and weaknesses in order to identify areas that require further study. Answer sheets and an answer/reference key for the sample exam are also included. All sample test questions have been cross-referenced to the questions sorted by practice area, making it convenient for the user to refer back to the explanations of the correct answers
