A Unified Approach to Economic Theory

Demonstrating a balanced treatment of both classical and Keynesian economics, *Macroeconomics* presents macroeconomic theory in a big-picture way. Comprehensive coverage makes it easy for instructors to align chapters to fit their own syllabi, and the text helps instructors prepare students to analyze real macroeconomic data used by policy makers and researchers. This text uses a unified approach based on a single economics model that provides students with a clear understanding of macroeconomics and its classical and Keynesian assumptions. The **Ninth Edition** features new applications, boxes, and problems throughout and reflects recent events and developments in the field in light of recent crises in the United States and Europe.

Personalize Learning with MyEconLab

MyEconLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.
