The Elementary Particles

Michel Houellebecq

The Elementary Particles Michel Houellebecq

An international literary phenomenon, **The Elementary Particles** is a frighteningly original novel—part Marguerite Duras and part Bret Easton Ellis—that leaps headlong into the malaise of contemporary existence.

Bruno and Michel are half-brothers abandoned by their mother, an unabashed devotee of the drugged-out free-love world of the sixties. Bruno, the older, has become a raucously promiscuous hedonist himself, while Michel is an emotionally dead molecular biologist wholly immersed in the solitude of his work. Each is ultimately offered a final chance at genuine love, and what unfolds is a brilliantly caustic and unpredictable tale.

Translated from the French by Frank Wynne.

From reader reviews:

Terry Sugg:

Do you have something that you prefer such as book? The reserve lovers usually prefer to choose book like comic, quick story and the biggest one is novel. Now, why not attempting The Elementary Particles that give your fun preference will be satisfied by means of reading this book. Reading addiction all over the world can be said as the means for people to know world far better then how they react towards the world. It can't be claimed constantly that reading routine only for the geeky individual but for all of you who wants to be success person. So , for all of you who want to start examining as your good habit, you could pick The Elementary Particles become your current starter.

Paul Weston:

This The Elementary Particles is great reserve for you because the content and that is full of information for you who have always deal with world and have to make decision every minute. This particular book reveal it information accurately using great manage word or we can claim no rambling sentences included. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but challenging core information with lovely delivering sentences. Having The Elementary Particles in your hand like obtaining the world in your arm, facts in it is not ridiculous a single. We can say that no book that offer you world inside ten or fifteen second right but this e-book already do that. So , this is good reading book. Hi Mr. and Mrs. active do you still doubt in which?

Arthur Atwood:

As a scholar exactly feel bored to reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just little students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The Elementary Particles can make you feel more interested to read.

Carol Hamilton:

Many people said that they feel weary when they reading a guide. They are directly felt the item when they get a half regions of the book. You can choose often the book The Elementary Particles to make your personal reading is interesting. Your own skill of reading expertise is developing when you similar to reading. Try to choose basic book to make you enjoy you just read it and mingle the feeling about book and examining especially. It is to be initially opinion for you to like to open up a book and examine it. Beside that the publication The Elementary Particles can to be your new friend when you're experience alone and confuse in what must you're doing of their time.
