Bootmaker to the Nation: The Story of the American Revolution, Volume II, The Long War (Bootmaker to the Nation Trilogy Book 2) John Slade

BOOTMAKER TO THE NATION, an ebook trilogy, dramatizes the Revolutionary War so vibrantly that people who "hate history" will find themselves totally immersed in the saga of America's creation. Fifty years after the Declaration of Independence, two white-haired patriots take turns telling their epic story, Benjamin from the battlefields, Genevieve from Washington's headquarters.

Follow the long war as soldiers carry muskets in their hands, and battered copies of the newly written Declaration of Independence in their backpacks. Despite their rags, despite their hunger, they never quit. What was it that kept the troops so loyal to their Commander in Chief? How were they able, after a winter of near starvation, to march out of Valley Forge as a professional army?

In Volume II, witness the soldiers as they transform into something more . . . They are already becoming citizens of a new nation, a nation based on their democratic dreams.
