Three Disney Princess stories (Cinderella, Rapunzel and Ariel) are enriched by interactive play and storytelling. Text prompts encourage readers to roll the storybuilder cubes and use their imagination by adding their own stories to the tale. Each story corresponds with one set of color-coded cubes.

Three well-known stories about Cinderella, Ariel, and Rapunzel come to life as children are prompted to embellish the princess's adventures with their own original details. As each story is read, children follow the prompts that guide them to roll the storybuilder cubes. Each set of cubes is color-coded to each story, and themed to characters, items, and locations. Using the pictures on each cube as a guide, children then change or add details to the story using their imagination. This storybook will engage every child's imagination as each story is turned into an exciting, fun and educational experience that supports literacy development and creative inspiration!
