The Death Penalty in Contemporary China (Palgrave Series in Asian Governance) S. Trevaskes

China's infamous death penalty record is the product of firm Party-state control and policy-setting. Though during the 1980s and 1990s, the Party's emphasis was on "kill many," in the 2000s the direction of policy began to move toward "kill fewer." This book details the policies, institutions, and story behind the reform of the death penalty.
