**The Rise of the Ice Wolf (The Ice Wolf Trilogy)** James Jensen, Brian Christie

At a time when heroes were myths lost in legends, when honor was only a word, a young man rises. Rises because it was foretold, and claims a title long forgotten. Altair, the Ice Wolf of the North, battled the inherently evil Verlena and managed to slay her, sacrificing himself in the process. A thousand years later Melor Helion taps the power of Verlena's soul to overtake every nonconformist in the land. She is the Tael king's puppet master and uses his army to wage war and grab wealth. Alden is searching for his destiny, unaware he is the direct descendant of Altair. An ancient, ageless mystic reveals to him his destiny. He is reluctant to believe the fate of the world rests on his shoulders.

The legendary Ice Wolf once saved the world from descending into darkness. Will Alden accept the destiny lying before him, or will he fade from the world, another name forgotten in history? To rise as a hero. To rise as the Ice Wolf.

So it was, and so it will be again.
