The Last King: Book I, Volume #2 - Episodic Novel A. Yamina Collins

The Last King, Book I by A. Yamina Collins is an 11-part serial novel.

Greetings!

First, I want to give a huge thanks to everyone who joined in Gilead and Emmy's adventures by reading episode # 1 of The Last King. And a huge thanks to all the readers who helped make The Last King number one on Amazon for a few days in African American literature, historical fantasy, and African-American romance.

I am so excited to have you all along with me on this journey - a journey that's going to take place during the course of three books.

In episode # 1, we met a few of the characters in this trilogy, including Emmy, the heroine, who started getting nosebleeds mysteriously once Gilead Knightly and his family moved to her home town on Lake George.

In episode #2, stay tuned for more excitement as Gilead and Emmy finally meet face to face for the first time.

Here is an excerpt from episode # 2. I hope you enjoy.

Best,
A. Yamina Collins

EXCERPT FROM THE LAST KING, EPISODE # 2

CHAPTER 8 – Her

Kill her, a voice in his head tells him.

Yes, of course, he responds. That's what I have to do.

And how should he do it? Should he follow her home when the lecture is over, come up behind her in her driveway, or wherever she lives, and snap her neck like a twig?

Whatever he does, he needs to be cruel. He needs to teach her and the One who sent her a lesson. Yes, that's it. He will do to her what his brother Micau did to his own Glitch: something so physically twisted that it would make the ears of any human who hears about it and finds her remains, shutter.

Slowly he starts to straighten up and just in time. The door to the auditorium swings open suddenly, and out it walks.

He cannot make out her whole face because her hands are covering her mouth and nose, but he can see her big eyes, and the alarm in her face.

Two other people are following it - following her, and making a commotion behind her.

"Hold your head back," one of them is saying, trying to still the bleeding woman's franticness.

But blood has already seeped onto her white dress, and Gilead can hear her saying, "Not again, not again," as she rushes past him.

Not again. So it's happened before. Gilead thinks. Of course it has. It happened the other day, while Gilead was standing outside the restaurant, didn't it? She was somewhere around the vicinity that night, near the boardwalk, wasn't she?

In a moment, the woman, looking a bit disoriented now, disappears into the bathroom and Gilead closes his eyes and bites his lower lip.

Now he knows why he missed the fine print on the flier, and why he had a desire to come to this lecture in the first place.

It's Him.

Gilead curses under his breath; curses Him with everything he's got.

Her? he thinks, in disgust. Against the greatness of me? That simple-looking thing?

It's insulting.

Opening his eyes, he takes the opportunity to move toward the exit as a few more new comers enter the building. It's all Gilead can do to appear as normal as possible---he stands up straight and forces himself not to clutch his stomach.

Outside, he takes in several quick breaths of air, and doubles over again.

Why should he fear her?

"I will break her," he mutters to himself. "If I have to rip off her whole face, I will break her."

Something about him saying this brings him a feeling of relief. He is clear-eyed and focused for a moment, even self-assured, for he knows that once he makes up his mind about reaching a goal, it's as good as done.

He will kill her tonight, somehow.

But before he can contemplate how to execute his plans, he cups a hand over his mouth, rushes toward a nearby bush, and vomits onto the leaves and branches.
