## **Writing: A Beginner's Guide To The Writing Skills Needed For Mystery, Thriller & Suspense Books**

**Are you looking to cash in on the very profitable “Mystery, Thriller & Suspense” genre/niche? Do you have dreams of writing a bestselling mystery novel someday?**

Mystery, thriller & suspense novels are some of the bestselling books - both for self publishers and for mainstream publishing houses. It all starts with a idea or an event – perhaps inspired by the writer’s own life experience. That event then transpires and unfolds into a sizzling, suspense filled drama with perhaps the hero coming to the rescue of the damsel in distress. The story is so gripping and riveting that the readers imagine themselves as the hero or heroine!

- Do you have a dream to see your story with all its twists and turns come to life at the tips of your fingers?
- Do you also have a need to hone your writing skills until the pen (or computer) burns with anticipation?
- Can you see the day soon where your words will be describing the earth shattering events that totally captivate your growing readership.
- Do you want to develop an audience of loyal readers who will always want to read and follow the exploits of your main character?
- This book will teach you the writing skills you need to capture the emotions of your readers and have them trembling inside waiting for your next release.

- How to get yourself organized (You’ll surprise yourself!)
- How to prepare a detailed outline to keep you on track.....any many more!

## See what others are saying

Well-written, simple, easy to follow because of the organization. Not deeply technical in terminology or in its writing strategy. I think this book is perfectly suited to the writer who wants to do a first novel in the mystery, thriller or suspense niche. It covers some writing basics to help someone who has never assembled a book before to learn how its done. Overall, another good job. Highly recommended especially for writing novices or for writers who are shifting to this genre after writing only a few other books. The explanations would also apply to short-story writers within these categories.

Gary Webb

Great book for learning to enhance more abilities in the writing process and language skills. This book explains every step to write a book with all the resources and references that can help writers during and after writing. Surely worth reading. I liked that this book was short and to the point, but also very positive.

Stuart Powell

An easy to read guideline. Helped inspire me and instruct me on how to start writing my first book.

Tom O'Stasik
