Atlas of General Surgery Volker Schumpelick

The ***Atlas of General Surgery*** is a highly practical, how-to reference for the most frequently performed operations. For precise and quick orientation, each surgical chapter presents a brief introduction to surgical preparation, anesthesia, positioning, relevant anatomy, risks, complications, and postoperative care, and then illustrates the operative technique through excellent drawings and detailed legends.

Key features:

- Covers all common surgeries any general surgeon needs to know
- Step-by-step guide to each operative procedure
- More than 1,200 high-quality drawings demonstrate surgical anatomy and technique, with each illustration showing one operative step
- Didactic page layout allows for easy comprehension of the material
- Practical tips, tricks, and pitfalls highlight crucial information

Ideal for all surgeons in training the ***Atlas of General Surgery*** is a handy, one-volume text that provides an overview of this broad field. It also serves as a valuable reference for the bookshelf of practicing surgeons who would like to consult a rapid review before surgery.

From reader reviews:

Marguerite Boutte:

In this 21st hundred years, people become competitive in every way. By being competitive currently, people have do something to make all of them survives, being in the middle of the crowded place and notice by means of surrounding. One thing that sometimes many people have underestimated the idea for a while is reading. Yep, by reading a guide your ability to survive boost then having chance to stay than other is high. For you who want to start reading a new book, we give you this specific Atlas of General Surgery book as basic and daily reading book. Why, because this book is more than just a book.

Wayne Martin:

Your reading sixth sense will not betray you, why because this Atlas of General Surgery publication written by well-known writer whose to say well how to make book that may be understand by anyone who else read the book. Written in good manner for you, leaking every ideas and creating skill only for eliminate your current hunger then you still doubt Atlas of General Surgery as good book not only by the cover but also by content. This is one book that can break don't evaluate book by its include, so do you still needing a different sixth sense to pick this specific!? Oh come on your looking at sixth sense already told you so why you have to listening to an additional sixth sense.

Jacob Florence:

Are you kind of busy person, only have 10 as well as 15 minute in your morning to upgrading your mind expertise or thinking skill even analytical thinking? Then you have problem with the book compared to can satisfy your limited time to read it because this all time you only find e-book that need more time to be learn. Atlas of General Surgery can be your answer since it can be read by you who have those short spare time problems.

Margaret Garcia:

Is it anyone who having spare time and then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something new? This Atlas of General Surgery can be the answer, oh how comes? A fresh book you know. You are thus out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these ebooks have than the others?
