Journals Kurt Cobain

Kurt Cobain filled dozens of notebooks with lyrics, drawings, and writings about his plans for Nirvana and his thoughts about fame, the state of music, and the people who bought and sold him and his music. Over twenty of these notebooks survived his many moves and travels and have been locked in a safe since his death. His journals reveal an artist who loved records, who knew the history of rock, and who was determined to define his place in that history.
