ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

***BUSINESS MATHEMATICS BRIEF, 12/e* teaches business math with a strong focus on current issues, real companies, and realistic business scenarios. It places essential business math concepts in context, teaching through highly relevant examples. Each chapter begins with an actual company case study that is carried through with examples and exercises. Two realistic cases conclude each chapter, helping students integrate key concepts with real business math challenges. Data and graphs are incorporated throughout. New coverage in this edition includes: the global financial crisis and globalization; personal debt and savings; and inventory tracking. More examples are provided, and this edition has been edited for greater clarity and simplicity.**
