Liberalism Ancient and Modern

Leo Strauss

Liberalism Ancient and Modern Leo Strauss

Revered and reviled, Leo Strauss has left a rich legacy of work that continues to spark discussion and controversy. This volume of essays ranges over critical themes that define Strauss's thought: the tension between reason and revelation in the Western tradition, the philosophical roots of liberal democracy, and especially the conflicting yet complementary relationship between ancient and modern liberalism. For those seeking to become acquainted with this provocative thinker, one need look no further.
