1599 Geneva Bible

1599 Geneva Bible

When the Pilgrims arrived in America in 1620, they brought along supplies, a consuming passion to advance the Kingdom of Christ, a bright hope for the future, and the Word of God. Clearly, their most precious cargo was the Bible. The Geneva Bible, printed over 200 times between 1560 and 1644, was the most widely read and influential English Bible of the sixteenth and seventeenth centuries. This superb translation was the product of the best Protestant scholars of the day and became the Bible of choice for many of the greatest writers, thinkers, and historical figures of that time. The Geneva Bible is unique among all other Bibles. It was the first Bible to use chapters and numbered verses and became the most popular version of its time because of the extensive marginal notes. These notes, written by Reformation leaders such as John Calvin, John Knox, Miles Coverdale, William Whittingham, Anthony Gilby, and others, were included to explain and interpret the scriptures for the common people. For nearly half a century these notes helped the people of England, Scotland, and Ireland understand the Bible and true liberty. King James despised the Geneva Bible because he considered the notes on key political texts to be seditious and a threat to his authority. Unlike the King James Version, the Geneva Bible was not authorized by the government. It was truly a Bible by the people and for the people. You can see why this remarkable version with its profound marginal notes played a key role in the formation of the American Republic.
