Everything's Cool Justin Carroll

Stan has always known how the world will end, and that only he can save it. And he's always known that someone will try to stop him. From his apartment, his thoughts hidden by static, trusting no one and eating and drinking only what he knows is safe, Stan seeks out the man his dreams tell him will be responsible for the apocalyptic 'Project Cassandra'. Faced with a potential spy in new colleague Rachel, Stan's increasingly frantic search takes him down dark paths to darker places. He will have to confront his fears, commit desperate acts and forget all he has known in his mission to save the unwitting, ungrateful world from its destruction. Everything's Cool is a black, paranoid and occasionally funny story of obsession, conspiracies and the end of the world. Stan might be insane, but is he wrong?
