La casa de Bernarda Alba: by Federico García Lorca (Hispanic Texts MUP) (English and Spanish Edition)

Completed only two months before the author's execution in Granada at the age of thirty-eight, *La casa de Bernarda Alba* marks the completion of Lorca's 'trilogia de la tierra española' and is commonly held to be his greatest play. The theme of vitality and repression that runs as a leitmotif through his writings takes on a clearer social dimension in the 'drama de mujeres en los pueblos de España', with the presentation of a household of five unmarried daughters tyrannised by their mother's excessive concern with social class and obscurantist village morality.
