Most journeys are planned, some are unexpected. Few are as shocking as the one Franny Woodbine accidentally embarked upon. It began when a strange old man dropped a coin on the sidewalk.

This was no ordinary coin – it was Franny's fare to somewhere few are invited, a marvelous, bustling place of commerce and industry, a place where a girl had better watch her step, else she will find herself bent over, anytime, anywhere, to have her bare bottom spanked.

Franny had always been fascinated by spanking, had read and fantasized about it. But being transported into a world where such things occurred so often in actuality would be enough to stun anybody.

How will she cope with this strange situation, amidst these friendly but hard-handed citizens? Come with Devlin O'Neill on a long and magical excursion, across the vaguely familiar landscape of Neverwasnia and into a twilit realm not yet explored, to find out.
