Creating Web Based Training Joseph T. Sinclair, Lani W. Sinclair Ph.D., Joseph G. Lansing

This is a guide for trainers that shows them step by step how to create their own simple, yet effective, Web-based training (WBT) program (without having to learn code). Trainers should love this book's message: it's not hard or expensive to do WBT - here's how to do it. Trainers are often both intrigued and intimidated by WBT, but this book should appeal to their interest and assuage their concerns. It includes a CD-ROM with WBT samples and templates and covers both areas: graphic and technical design basics; and training design basics.
