Kirk Trigsted

MyMathLab for Trigsted College Algebra -- Access Card -- PLUS eText Reference (2nd Edition) (MyMathLab eCourse) Kirk Trigsted

This package contains the Access Kit for the Trigsted MyMathLab eCourse plus the eText Reference.

Kirk Trigsted revolutionized the way this course is taught when he created **College Algebra**, a completely clickable ebook that was written from the ground up within MyMathLab. Recognizing that today's students start with the homework instead of reading the text, Trigsted created an online learning environment that is a seamless mix of exposition, videos, interactive animations, tutorials, and assessment. This approach leverages the power of MyMathLab and leads students to interact with course materials in a way that is proving to be more effective. With the **Second Edition**, Trigsted continues to innovate with a revised design that improves navigation and usability, expanded videos, and increased animation coverage.

The **eText Reference** is a spiral-bound, printed version of the eText that provides a place for students to do practice work and summarize key concepts from the online videos and animations. In addition to the benefits it provides students, the Summary Notebook also provides portability for those instructors that prefer a printed text for class preparation.
