The Beast in the Garden: A Modern Parable of Man and Nature

David Baron

The Beast in the Garden: A Modern Parable of Man and Nature David Baron

The true tale of an edenic Rocky Mountain town and what transpired when a predatory species returned to its ancestral home.

When, in the late 1980s, residents of Boulder, Colorado, suddenly began to see mountain lions in their yards, it became clear that the cats had repopulated the land after decades of persecution. Here, in a riveting environmental fable that recalls Peter Benchley's thriller *Jaws*, journalist David Baron traces the history of the mountain lion and chronicles Boulder's effort to coexist with its new neighbors. A parable for our times, *The Beast in the Garden* is a scientific detective story and a real-life drama, a tragic tale of the struggle between two highly evolved predators: man and beast.
