Total Body Lift is the first definitive guide to weight loss surgery and the body contouring techniques that have been developed by Dr. Dennis Hurwitz, one of the recognized international leaders in this specialty. Made famous by stars like Al Roker, American Idol judge Randy Jackson, Sharon Osbourne and Carnie Wilson, gastric bypass surgery was performed on nearly 141,000 Americans in 2004. Dr. Hurwitz describes an all in one procedure that quickly and safely reshapes the body after weight loss surgery, aging, and/or pregnancy. Case histories and a 32-page photo galley demonstrate how the Total Body Lift procedure starts its patients on a path to a new, more fulfilling life of normalcy and a level of self-esteem they may never have imagined. The author's patients have been profiled on the cover of People Magazine and have been subjects for a one hour documentary on the Discovery Channel. Applicable to men and women, teenagers and adults, seeking to reshape the breasts, chest, arms, thighs, hips, back, waist, abdomen, and knees after weight loss, aging and pregnancy.
