Pocket Power is an enhanced learning system for personal finance economics education that appeals to young children at all learning levels. The 16 creative lessons include background information, preparation materials, student activities, and assessments to promote active learning. All lessons are tied to standards for personal finance, economics, literature, and mathematics literacy. An illustrated Student Storybook highlights topics covered in each lesson and a Parent's Guide allows for additional reinforcement in the home. A companion web-site offers further information on the series and sample activities. Teach students: The value of an education The benefits of saving How advertising affects spending What credit means How to manage money

The Council for Economic Education envisions a world in which people are empowered through economic and financial literacy to make informed and responsible choices throughout their lives as consumers, savers, investors, workers, citizens, and participants in our global economy.

Some of the areas in K-12 education we publish in include:

- Establishing and building credit
- Managing personal finances
- Understanding economics on a local, national, and global level
- Using economics in other subject areas: Social Studies, Geography, History, etc.
